

Abused Deaf Women's Advocacy Services
presents a support group for Deaf
sexual assault survivors:

Starting September 2014

Confidential location - please contact Dov for more details on date, time, and location

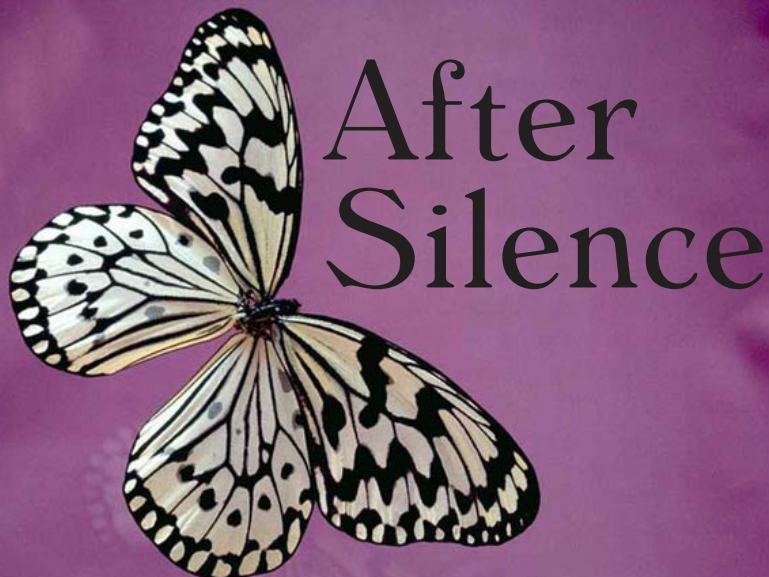

Maybe you've had sex with someone and you're not sure if
it was consensual or not.

Ask yourself, have you ever had sex that was forced, out of
fear or pressure, or while you were drunk/high?
Or, maybe you were the victim of unwanted sexual
advances or harassment.

If you want to discuss whether this group is for you,
please contact Dov at dov@adwas.org
or 206-512-8528.

Not required to share your experience

Everything will be kept confidential

Please RSVP your attendance to
dov@adwas.org or 206-512-8528
by September 15, 2014!

Refreshments will be served!
RSVP if childcare or
DB interpreter or an SSP is needed!
