

Looking for interpreter to volunteer their time to give to a great cause!

ADWAS partners with the Chill Foundation to allow children are underserved in our community, the opportunity to learn board sports and put those skills that they learn on the slopes, water and the skate park, to use to overcome challenges in their daily lives.

The focus is on the building self-esteem and resiliency to help them reach their full potential. Their current situation doesn't have to define them or determine their path in life; Chill helps them to realize alternatives beyond the struggles they are dealing with.
